

Call for Applications:

Bachelor Research Fellow 2015 in Information Systems

Dear Bachelor Student,

The Department of Information Systems & Operations at Wirtschaftsuniversität Wien offers the unique opportunity to become a Bachelor Research Fellow. This fellowship includes the coverage of housing costs in Vienna for two months and a work contract of 2,500 EUR for this period. As a Bachelor Research Fellow, you will become a fully integrated member of our research team. You will work on cutting edge research topics towards submitting a research paper to a conference at the end of your stay.

Please include the following material in your application:

- Letter of motivation
- Short CV
- Transcript of study records

Please send your application to backoffice@ai.wu.ac.at with the materials attached as a single PDF document. Consider the following dates and deadlines:

- 14 Dec 2014: Deadline for submitting your application
- 11 Jan 2015: Notification and invitation to Interview
- 30 Jan 2015: Final Notification of Acceptance

You as a successful candidate will demonstrate high interest and capability to consider a research career in Information Systems. You are currently following your studies in business administration, business information systems, computer science or a related field with excellent results. You are motivated to jointly work with the research team in Vienna, and potentially continue your studies at Wirtschaftsuniversität. You are a strong team player that is inspired by taking new challenges. In case you receive an offer, we will jointly determine the time of your stay to accommodate your availability.

For more information on your potential work environment in Vienna, have a look here:
